

AMERICANS FOR FINANCIAL REFORM

June 1, 2015

To Senators Sherrod Brown, Jack Reed, Charles Schumer, Robert Menendez, Jon Tester, Jeff Merkley, Mark Warner, Elizabeth Warren, Heidi Heitkamp and Joe Donnelly:

Thank you for opposing the deceptively named Financial Regulatory Improvement Act. While the proponents of this legislation claim to be concerned about the needs of small community banks, the bill itself reads more like a deregulatory wish list for big banks and other large financial players.

It was deeply worrisome to see a majority of the Committee on Banking, Housing and Urban Affairs voting for this measure. But we were heartened by your opposition, and we wanted to let you know, and urge you to do everything you can to work for a safer, fairer, and more accountable financial system.

Sincerely,
