Ms. Vanessa Countryman
Secretary
Securities and Exchange Commission
100 F Street, NE
Washington, D.C. 20549

Dear Ms. Countryman:

Enclosed are 16,658 petition signatures from supporters of Americans for Financial Reform calling on the Securities and Exchange Commission to make Scope 3 emissions disclosure mandatory for public companies, including disclosure of their financed emissions. Names have been redacted for privacy reasons.

In addition to signing the petition, some individuals participated in a voluntary survey which asked whether or not they are investors. Of the 3,232 surveyed, 2,547 (78.8%) of individuals identified as investors.

The full petition text reads as follows:

To: The Securities and Exchange Commission

Investors, consumers, and other market participants need high-quality, comparable, and credible figures on companies' and banks' carbon pollution, in order to respond to the growing risk of climate change and assess whether companies have long term sustainable business models.

The Securities and Exchange Commission (SEC) should use its regulatory authority to make sure that information is available by requiring mandatory Scope 3 emissions disclosure for all large companies and financial institutions, including disclosure of their financed emissions.

Should you have any questions in regards to the petition, please contact Alex Martin <alex@ourfinancialsecurity.org> and Moonyoung Ko <moonyoung@ourfinancialsecurity.org>.

Thank you for your attention to this matter.

Sincerely,

Americans for Financial Reform
