Americans For Financial Reform Summer 2023 Legislative Internship

Americans for Financial Reform is a nonpartisan and nonprofit coalition of more than 200 civil rights, consumer, labor, business, investor, faith-based, and civic and community groups. Formed in the wake of the 2008 crisis, we are working to lay the foundation for a strong, stable, and ethical financial system – one that serves the economy and the nation as a whole. AFR has been called “the leading voice for Wall Street accountability” in Washington (by Zach Carter of the Huffington Post).

Our Vision: A world where the rules that govern the economy center human needs and help all families and communities to flourish.

Our Mission: Fighting to create a financial system that deconstructs inequality and systemic racism and promotes a just and sustainable economy.

Through policy analysis, education, and outreach to our members and others, AFR builds public will for substantial reform. We are looking for an intern to join this fight. If you fit the bill, we’d love to hear from you!
